

BAY CLEANER PLUS

Bay Cleaner

DESCRIPTION

A highly effective bay and equipment cleaner. This product contains a blend of surfactants, hydrochloric acid and Ammonium Bifluoride designed to remove the toughest buildup. This product is extremely effective on equipment, bay walls and concrete at removing rust stains and hard water scale. Simply spray on and spray off.

USAGE INSTRUCTIONS

For maximum effectiveness apply directly to dry equipment, bay walls and floor. Begin application at a dilution of 5-10:1. For more difficult conditions use straight up to 5:1. Allow solution to sit for a minute before scrubbing or rinsing. Rinsing with high pressure will further improve the effectiveness of the application.

FEATURES

- Good foaming profile for better cling
- Phosphate free
- Effective on rust and scale
- Use on equipment, floors and bay walls
