

ZENITH

Graphene Sealant

DESCRIPTION

We combined the durability of one of the world's hardest substances (graphene) with the latest in drying technology to create Zenith. This product utilizes graphene additives to produce a more durable shine and ultra-dry car. It provides lasting protection against the elements to make it easier to keep your vehicle clean. Its functionality allows it to be applied without any special equipment and still produce an amazing vehicle.

USAGE INSTRUCTIONS

This product is ideally applied under low pressure application in tunnel and in-bay automatic settings. Product can be applied through spray nozzles on an arch or a rain bar. Begin application at 5-6 drops (1000-1200:1) and adjust as necessary.

FEATURES

- Reduces water spotting
- Improves future clean-ability
- Hardened surface protection
- Deepened gloss
